

Good middle of March. I know, it's past the middle but this is all timed correctly. Trivia 55: No Limit is just around the corner. The New Trivia Times is off to press and things are going together quite nicely. Thanks to Melanie Coulthurst for doing all the work on it. DAC recruits well. I have to cover a lot of bases so here we go.

Trivia Kickoff movie will be at the Rogers Cinema on Church Street in Stevens Point. Admission will be \$3.00 at the door. The movie will be on Friday and Saturday April 4 and 5. Showtimes each night are at 9:30pm. Easy time for everyone. A leisurely movie time, for all.

Next, there are flag sales going on through 10pm tonight. They are available in 3 sizes and can only be ordered through March 20th. They will then be shipped to you. Pretty cool there is a separate price for each size, that includes tax and shipping. So, take a look at the store and get your order placed today. <https://trivia-53.myshopify.com/>. So, get those orders completed by 10 tonight.

Merchandise can be viewed at <https://90fmtrivia.org/>, then click on the Trivia Merchandise link on the left side. Everything is there to view. Merchandise will go on sale tomorrow morning. The site is the same as above: <https://trivia-53.myshopify.com/>. Sales begin tomorrow morning and will continue until Sunday April 6th at 7am. All orders will be cut off at that time. When you check out, make sure you list whether you are picking up your orders on Monday or later in the week.

Registration is from 3pm – 7pm, April 7 – 10 and April 11 from noon to 6ish, we really want to close it down by 5:45. If you are not coming to Stevens Point, your team can register in advance. Go to www.90fmtrivia.org/online.html for information. At 3pm on Monday April 7, the rule book will be posted online, so there is no reason to pack to the station on Monday to get the book. We are trying to keep the congestion in the building to a minimum. Registration is still just \$40 per team and \$75 for teams registering from out of town. What a bargain, 54 hours of fun and entertainment for a paltry sum.

Again, Trivia will be video streamed on Twitch, so watch for that. It seems to be growing in popularity every year. And you get to see all the cool phone operators and the extremely attractive announcers. Ha-ha!

I've been a bit preoccupied this year and apologize for that. Hopefully, everything will return to normal for me soon. Thank you for understanding. Now, I'm sure DAC is working tirelessly along with Alex his co-writer. Countless hours, books research and just wasting so much time putting together a contest you can all have a blast playing. You know why? Because there is No Limit to the fun that Trivia offers. So, you know the drill, gather around that radio, tune the dial to the bottom of the dial to 89.9FM – 90FM, smile as you listen to Freebird and then it all breaks loose, Trivia 55: No Limit. It's exciting to be doing this each year, I know you are excited as well. You can just feel the tension as you get ready to play in the World's Largest Trivia Contest. Yep, get those fingers ready to dial those phones, rotary if you have them, other wise just that touch tab. Either way, let's play Trivia, Fast Eddie.....
